### Primary Pupil Premium Expenditure 2017/18 Evaluation

Pupil premium grant expenditure The Pupil Premium is a government initiative which provides funding for each child entitled to Free School Meals or who has been entitled over the last 6 years and for any Looked After Children or children of service personnel. We are required to publish online information about how we use this grant. Our funding should be received in September 2017 and will be calculated and received again in September 2018 using the January 2018 school census data. In our school we use this funding to personalise learning and support individual progress, this is outlined below but includes 1:1 intervention and personalised resources. Funding has also been used to support extra-curricular activities to enrich children's learning and to access support from outside agencies. In future our funding will be used in the ways above where appropriate as well as supporting teachers and teaching assistants' professional development in the area of intervention programmes to accelerate learning. Research by The Sutton Trust shows that these strategies are the most effective ways of improving children's progress and attainment and are cost effective. There will also be benefit for all pupils. Attainment and progress for all these pupils is expected or better.

Number of pupils receiving Pupil Premium Funding: (including one child of service personal) 10

Current Funding: £17, 160 Amount of PPG received per pupil: £1320 Funding is given to the schools over the financial year April-April.

Emotional Literacy Support	<p>ELSA Training (Emotional Literacy Support) TA-to support and meet the following needs: Emotional literacy, self-esteem Social skills Anger management Grief and Loss Conflict resolution</p> <p>This facility is available during the afternoons for pupils in receipt of PP. Pupils access after initial assessment and dialogue with the teacher about need. Those accessing the provision are changeable and flexible depending on the length of time they need the support. Length of sessions also vary</p>	8		<p>Baseline assessments indicate: Increased levels of confidence, emotional literacy, self-esteem, communication skills and resilience.</p>													
Feedback TA	PP Pupils to have specific Target Time	4		See above for impact data													

	weekly. Further staff training and moderation of work with teaching school. Feedback used to inform planning for Learning mentor (TA)			
Small Group Tuition	Teacher able to manage interventions, collaborate with teacher/SENCO, manage the development of alternative teaching strategies and individual programmes where necessary. Teacher to be utilised in Spring term with Y6, to provide bespoke intervention and support to help diminish the difference before key stage assessments	4	£1000	See above for impact data
Health Mentor (EVOLVE)	(Amount out paid for the mentor during the Summer term 2017) • A Health Mentor, employed by Evolve, working in our school for one day per week, developing much needed rapport with pupils, offering exciting learning opportunities and giving them the support and motivation to help them succeed.	4	£720	The Health Mentors have supported target students to great effect with structured interventions. The development of lunchtime playground activities and after school clubs have also provided further sports opportunities for children within the school. Surveys were taken throughout the year to measure the progress pupils made working with the Health Mentor on their physical activity, personal development, and emotional wellbeing. The following shows the improvement in pupils' final scores in these areas.
Digital Technology and Software	The purchase of any relevant technology and other software to support progress and accelerate progress of PPG, for use in school and at home.	4	£3,064	Baseline assessments indicate: Increased levels of confidence, emotional literacy, self-esteem, communication skills and resilience.
Training Collaborative Learning	Staff training to upskill and deliver key initiatives to boost progress for PPG Cluster meetings and training, work with Equate Teaching School for moderation & release time for this. Work with the Literacy Shed-alongside the Wolds Partnership, looking at increased	5	£1000	See above for impact data

	attainment and progress in Reading and Writing.			
Educational Visits	Support for School Visits - To ensure all students have access to school visits that will enrich their learning within the curriculum and remove the potential cost barrier • Provide swimming lessons for all students to support those who are unable to pay for a vital life skill		£600	
Curriculum	Curriculum Immersion to promote engagement and support REAL Projects. Learning for all pupils to become authentic and purposeful £150 per classroom per term plus shared areas and intervention space		£1800	Children have become more enthusiastic and engaged, rapidly starting to become more independent at accessing their own learning resources, especially in EYFS & KS1. This has had a marked effect on self-drive and ownership of their own learning journey. Children are enthusiastic about their environments.  Attendance for this group: 97%
Resources	Intervention and educational resources to support the learning of those in receipt of PP funding. Eg Books, equipment, intervention materials		£700	See above for impact data
School Uniform	Additional uniform and access to theme days, to ensure that all pupils feel part of the school and have a sense of self identify where needed		£200	The school is inclusive and there is equality
<b>TOTAL</b>			<b>£17,160</b>
